MONTHLY BULLETIN

OF THE

Dairy and Food Division

OF THE

PENNSYLVANIA DEPARTMENT OF AGRICULTURE.

PUBLISHED MONTHLY AT THE OFFICE OF THE STATE PRINTER OF PENNSYLVANIA.

AT

HARRISBURG, PA.

Issued by Direction of Hon. N. B. Critchfield, Secretary of Agriculture.

EDITOR-IN-CHIEF—DR. B. H. WARREN.
MANAGING EDITOR—OLIVER D. SCHOCK.
ASSOCIATE EDITOR—PROF. C. B. COCHRAN.

PUBLISHED FOR GRATUITOUS DISTRIBUTION—EDITION LIMITED TO 25,000 COPIES.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. The list includes all licenses granted up to and including February 15, 1906.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. The list includes all licenses granted up to and including March 15, 1906.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. The list includes all licenses granted up to and including April 15, 1906.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

MONTHLY BULLETIN

OF THE

Dairy and Food Division

OF THE

PENNSYLVANIA DEPARTMENT OF AGRICULTURE.

PUBLISHED MONTHLY AT THE OFFICE OF THE STATE PRINTER OF PENNSYLVANIA,

AT

HARRISBURG, PA.

Issued by Direction of Hon. N. B. Critchfield, Secretary of Agriculture.

EDITOR-IN-CHIEF—DR. B. H. WARREN,
MANAGING EDITOR—OLIVER D. SCHOCK,
ASSOCIATE EDITOR—PROF. C. B. COCHRAN.

PUBLISHED FOR GRATUITOUS DISTRIBUTION—EDITION LIMITED TO 25,000 COPIES.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. This list includes all licenses granted up to and including May 15, 1906.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. This list includes all licenses granted up to and including June 15, 1906.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. This list includes all licenses granted up to and including July 15, 1906.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. This list includes all licenses granted up to and including August 15, 1906.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

ESTABLISHED APRIL 1, 1903.

MONTHLY BULLETIN

OF THE

Dairy and Food Division

OF THE

PENNSYLVANIA DEPARTMENT OF AGRICULTURE.

PUBLISHED MONTHLY AT THE OFFICE OF THE STATE PRINTER OF PENNSYLVANIA,

AT

HARRISBURG, PA.

Issued by Direction of Hon. N. B. Critchfield, Secretary of Agriculture.

EDITOR-IN-CHIEF—DR. B. H. WARREN.
MANAGING EDITOR—OLIVER D. SCHOCK.
ASSOCIATE EDITOR—PROF. C. B. COCHRAN.

PUBLISHED FOR GRATUITOUS DISTRIBUTION—EDITION LIMITED TO 25,000 COPIES.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. This list includes all licenses granted up to and including September 15, 1906.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

MONTHLY BULLETIN

OF THE

OF THE

PENNSYLVANIA DEPARTMENT OF AGRICULTURE.

PUBLISHED MONTHLY AT THE OFFICE OF THE STATE PRINTER OF PENNSYLVANIA,

AT

HARRISBURG, PA.

Issued by Direction of Hon. N. B. Crichtfield, Secretary of Agriculture.

EDITOR-IN-CHIEF—DR. B. H. WARREN.
MANAGING EDITOR—OLIVER D. SCHOCK.
ASSOCIATE EDITOR—PROF. C. B. COCHRAN.

PUBLISHED FOR GRATUITOUS DISTRIBUTION—EDITION LIMITED TO 25,000 COPIES.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. This list includes all licenses granted up to and including October 15, 1906.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

FINES AND COSTS IN PURE FOOD PROSECUTIONS.

HARRISBURG, PA., Oct. 9th, 1906.

The attention of all persons concerned is respectfully called to the following opinion rendered by the Hon. Hampton L. Carson, Attorney General of Pennsylvania, in relation to the subject of the collection of fines, witness fees and other costs in cases instituted by the Commonwealth of Pennsylvania under the direction of the Dairy and Food Commissioner and his Special Agents and representatives. The same is self-explanatory.

"I have examined Wadlinger on Costs, the Acts of Assembly relating to the Dairy and Food Department, and the acts relating to the payment of mileage and witness fees in criminal cases. I am unable to discover any reason, in law, why the special agents of the Dairy and Food Department should not have taxed as costs their mileage and witness fees, notwithstanding the fact that their expenses are provided for biennially in the appropriation for the expenses of the Dairy and Food Department.

The General Appropriation Act of May 11, 1905 (P. L. 581), appropriates twenty thousand dollars "for the payment of the traveling and other necessary expenses of the special agents of the Dairy and Food Division of the Agricultural Department." Provision is thus made for the traveling expenses of those special agents. The Act of July 3, 1885 (P. L. 256), is entitled "An Act to establish uniform compensation to be allowed witnesses in civil and criminal cases before justices of the peace and aldermen in the several counties of this Commonwealth," and provides, inter alia, "that from and after the passage of this Act all witnesses in civil and criminal cases before justices of the peace and alderman shall be entitled to compensation as follows * * * * *

This Act is general in its scope and there is no limitation whereby the special agents of the Dairy and Food Department are excluded from the benefits therein provided. The Act of May 19, 1887, (P. L. 134), relating to costs and the manner of computing mileage is also general in its character and applies to all witnesses. These special agents are not expressly excepted from the provisions of these general Acts, nor can they be excepted by implication; and, while it may be objectionable for special agents, when serving as witnesses in criminal cases, to tax up witness fees and mileage as

part of the costs of a case, when their necessary expenses for traveling, etc., have been provided for by a general appropriation made to the Dairy and Food Commissioner for the purpose, yet they cannot be legally deprived of their witness fees and mileage.

This is a strictly legal view of the case. I am of opinion, however, that the appropriation made by the Act of May 11, 1905, was for the purpose of putting the Department into the possession of a fund on which it could draw without hesitation for the payment of the traveling expenses of its special agents engaged in the prosecution of its work, without requiring those agents either to prepay their own expenses or await reimbursement by collecting them out of the party against whom the costs are taxed. Of course the allowance of expenses to a witness for traveling, as well as his per diem allowance, is in the nature of compensation to the witness for the inconvenience and loss of time occasioned to him by being called away from his own proper business and giving testimony for the benefit of the public or the private litigant in support of interests entirely foreign, in a personal sense, to those of the witness himself, and in this sense the moneys so taxed and so collected are the property of the witness, of which he cannot be deprived.

I am of opinion, however, that this view cannot be taken of it so far as your own special agents are concerned. They are not called away from private business of their own; they are engaged in the prosecution of their duty in aiding you to enforce the laws relating to your Department. Hence, in no sense do they undergo a personal loss for which they should be reimbursed, and I suggest, therefore, that it would be proper for you to make an order upon your special agents that whenever witness fees and mileage in criminal prosecutions, brought at the instance of your Department, wherein such agents appear as witnesses, are taxed, and they have already received from your Department moneys for the purpose, they shall account to you for the costs so taxed and so received, and shall not apply them to their own individual use."

Very truly yours,

HAMPTON L. CARSON,
Attorney General.

ESTABLISHED APRIL 1, 1903.

MONTHLY BULLETIN

OF THE

Dairy and Food Division

OF THE

PENNSYLVANIA DEPARTMENT OF AGRICULTURE.

PUBLISHED MONTHLY AT THE OFFICE OF THE STATE PRINTER OF PENNSYLVANIA,

AT

HARRISBURG, PA.

Issued by Direction of Hon. N. B. Critchfield, Secretary of Agriculture

EDITOR-IN-CHIEF—DR. B. H. WARREN.
MANAGING EDITOR—OLIVER D. SCHOCK.
ASSOCIATE EDITOR—PROF. C. B. COCHRAN.

PUBLISHED FOR GRATUITOUS DISTRIBUTION—EDITION LIMITED TO 25,000 COPIES.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. This list includes all licenses granted up to and including November 15, 1906.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. This list includes all licenses granted up to and including December 15, 1906.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.

PENNSYLVANIA DEPARTMENT OF AGRICULTURE.

PUBLISHED MONTHLY AT THE OFFICE OF THE STATE PRINTER OF PENNSYLVANIA,

AT

HARRISBURG, PA.

Issued by Direction of Hon. N. B. Crichtfield, Secretary of Agriculture.

MANAGING EDITOR—OLIVER D. SCHOCK.
ASSOCIATE EDITOR—PROF. C. B. COCHRAN.

PUBLISHED FOR GRATUITOUS DISTRIBUTION—EDITION LIMITED TO 25,000 COPIES.

NOTE.

This publication relates to the operations of the Dairy and Food Division of the Department of Agriculture. It is distributed to such who are interested in the work of enforcing the dairy and food laws of this Commonwealth. Each number gives a brief resume of the work accomplished by the Commissioner and his force of assistants during the preceding month.

By authority of law, nearly twenty-five thousand copies are distributed monthly. The bulk of this large edition reaches grocers and general store-keepers, while the miscellaneous list includes the representative people of this and adjoining States who are interested in the enforcement of the dairy and food laws.

A strong, hearty public sentiment in favor of pure and better articles of food and drink has been aroused, and whether the comparatively small tradesmen come under the ban, who might possibly complain, because of the publicity given to suits brought against them, or whether a business produces millions for the investor, the same publicity is accorded to all in the columns of the Monthly Bulletin. This medium of publicity has already accomplished an almost incalculable amount of good, and assisted very materially in successfully enforcing the various acts of Assembly placed under the administration of this Division.

The several lists giving the names of licensed oleomargarine and renovated butter dealers which appear in this number, are especially noteworthy for those interested in the sale of these commodities. This list includes all licenses granted up to and including January 15, 1907.

The Commissioner has instructed the Special Agents of this Division of the Department of Agriculture to make a careful examination in their several districts for unlicensed or illegal dealers in oleomargarine and renovated butter. Violators of the law will be promptly arrested and punished when the evidence is regarded as sufficient to secure a conviction.

The Commissioner recognizes the fact that this is due to all concerned, as the licensed dealer is entitled to the protection of the law, and the unlicensed vendor will not be permitted to escape his responsibility for disregarding legislation which was enacted for mutual protection.

The hearty co-operation accorded, and the friendly help extended by the public and the press generally, demands grateful acknowledgment. Without their support, the best efforts would in many cases have been thwarted or rendered futile.
